FFP Cooperative Agreement – June 2019

**FIRE SERVICE
AUTOMATIC AID AGREEMENT**

BETWEEN

**BALDWIN COUNTY, GEORGIA
BALDWIN COUNTY FIRE RESCUE**

AND

**THE CITY OF MILLEDGEVILLE
MILLEDGEVILLE FIRE RESCUE**

OPERATIONAL GUIDELINES AND PROCEDURES

Purpose: The purpose of this agreement is to establish automatic response guidelines determined by Baldwin County, Georgia, ("County") Baldwin County Fire Rescue (BCFR) and the City of Milledgeville ("City") Milledgeville Fire Rescue to be in the best interest of public safety and the mutual benefit of both communities. The *Automatic Aid* districts outlined in this document identify perceived target hazards in each jurisdiction for which the benefits of an enhanced initial response have been identified. This agreement provides for the simultaneous dispatch of both agencies, resulting in the delivery of a greater initial response force to these target hazards within a shorter period of time. An *Automatic Aid* will also improve the ISO grading of an area where apparatus and manpower provided do not meet ISO standards for full credit and where satisfactory coverage of a district is not provided due to excessive response distances for fire department apparatus. (See Appendix A)

Term: This agreement begins on the date executed by the parties and continues for one year. This agreement shall automatically renew for an additional year unless any party provides written notice of an intention not to renew within 90 days of the expiration date. This *Automatic Aid* agreement shall cover twenty four hours a day and every day contained in a year.

Training: The Training Officer from the "County" and the "City" shall be responsible for developing an ongoing training program to implement and insure the success of the *Automatic Aid* agreement.

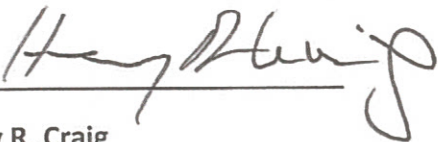

Communication: Dispatch is centralized and located at Baldwin County 911 center. Also common radio language shall be adopted in the form of plain talk. If either agency, due to commitments within their jurisdiction is unable to respond, this information is to be immediately reported to the communications center.

Command: Fire ground command shall be determined by the district in which the incident occurs. The first arriving company shall establish command and transfer as needed to satisfy jurisdictional authority. In the event of two responding units not being needed, (i.e. the call can be handled by the one on the scene) the O.I.C. on scene shall cancel the second due unit. Incident reporting shall be filled out by "County" and "City" units per their respective requirements.

Cost: Neither the "County" or The "City" shall be required to reimburse any other party for the cost of providing the services. Each party shall pay its own costs for responding to incidents included in the *Automatic Aid* agreement.

The foregoing Fire Service Automatic Aid Agreement is hereby executed by the Chief of Baldwin County Fire Rescue and the Chief of Milledgeville Fire Rescue, having been authorized by the governing bodies of Baldwin County, and the City of Milledgeville, and shall take effect upon its execution.
