after the rate increase has been adopted by the City Council. Nothing herein should be construed to prevent the City from increasing its sewer rates on exclusively the sewer ratepayers within the incorporated area of the City.

2. *County Sewer Rates.* The City shall provide Sewer Service to the County through one or more master meters installed by the County at the wholesale rate of \$4.14 per thousand gallons (inclusive of any and all fees) through the end of 2020. Beginning in 2021, the rate will be \$4.50 per one thousand gallons (inclusive of any and all fees). For each five-year period thereafter, the City may increase said wholesale sewer rate at a maximum of 5% per each five-year period inclusive of the first year of this Agreement. At least thirty (30) days prior to the effective date of any such increase, the City shall provide to the County written notice of any such increase. Additional written notice must be provided to the County immediately after the rate increase has been adopted by the City Council. Nothing herein should be construed to prevent the City from increasing its sewer rates on exclusively the sewer ratepayers within the incorporated area of the City.

- D. *Audits.* The City's revenue derived from rates (inclusive of fees and charges) assessed on the unincorporated area ratepayers in the unincorporated areas may be reviewed annually by the County's designated independent auditors to ensure that rates have been set and revenues received in accordance with this Agreement. The City consents to this audit and will cooperate with the auditor. The cost of the external auditor's review shall be borne by the County. Said auditors may be directed by the County to provide a certified statement to the Parties as to whether the City is in compliance with this Agreement. If the City is not in compliance, said auditors shall specify the areas of non-compliance and recommend steps needed to achieve compliance. The County shall allow the City thirty (30) days after providing the City with written notice of non-compliance to cure. The City's failure to cure non-compliance within 60 days after being provided notice of non-compliance shall constitute a breach for which the County may seek any and all remedies allowed by law.

ARTICLE IV – MUTUAL RELEASES

- A. Both the County and City have alleged claims in the following lawsuits (SUCV2019049244, SUCV2019049322, and SUCV2019049428), including challenging how each local government used their funds with respect to water and sewer services. After much productive discourse and review of the circumstances, both Parties have forever resolved and dismissed these respective claims against each other. This dismissal and statement is intended to move the County and City forward on a positive path of cooperation. This statement is not in any way intended nor shall it be interpreted to be a waiver of any kind by either Party of any future claims that may arise from and after the implementation of the new 2020 Service Delivery Strategy and the associated intergovernmental agreements.

- B. The County waives and forever releases the City, its officers, agents or employees from any and all liability or causes of action whatsoever pertaining to any and all transfers from the City's water and/or sewer fund to the City general fund prior to the Effective Date of this Agreement.
- C. The City waives and forever releases the County, its officers, agents or employees from any and all liability or causes of action whatsoever pertaining to any and all transfers from the County general fund to the County's water and/or sewer fund prior to the Effective Date of this Agreement.

ARTICLE V – DURATION OF AGREEMENT

- A. *Term.* This Agreement shall have a term beginning on the Effective Date and extending to February 28, 2040. The Effective Date shall occur on the day the last party to this Agreement approves this Agreement on its minutes ("Effective Date"); provided however, adoption by each Party must occur or before February 1, 2020.
- B. *Effect of Expiration, or Termination.* If this agreement is terminated or expires, then the City shall continue to provide the services contemplated in this Agreement for one additional year at the rates set by this Agreement ("Final Year"). Thereafter, the City shall cease to provide said services within the unincorporated areas, unless otherwise provided by law or a new agreement is reached with the County. In the absence of legal authority that compels a different outcome or a new agreement with the City, the County shall take over providing said services in the unincorporated areas at the end of the Final Year. Prior to the end of the Final Year, the City shall convey to the County the then-existing accounts, assets, customers, equipment, infrastructure and interests used in the provision of Water Service or Sewer Service to customers in the unincorporated areas ("Unincorporated Area Systems"); and the County shall compensate the City for the value of the Unincorporated Area Systems.
 - 1. The value of Unincorporated Area Systems may be determined by agreement of the Parties within sixty (60) days of the beginning of the Final Year. If agreement as to value cannot be reached, then the value of Unincorporated Area Systems shall be determined by a panel of three (3) appraisers. By the ninetieth (90th) day of the Final Year, the City and County shall each appoint one appraiser to the panel and the two appointed appraisers shall choose the third appraiser by the one-hundred and twentieth (120th) day of the Final Year. If the two appointed appraisers cannot agree by the one-hundred and twentieth (120th) day then the Chief Judge of the Ocmulgee Judicial Circuit shall appoint the third appraiser by the one-hundred fiftieth (150th) day of the Final Year. The appraisers must be licensed appraisers in the State of Georgia. The Parties agree to submit to the panel any and all information, not covered by a state statutory privilege, as requested by the panel. The majority of the panel shall determine and set the value of the Unincorporated Area Systems after hearing from the Parties and considering whatever information may have been submitted by the Parties or discovered by the panel, but also factoring in depreciation and the source of the

funds spent installing or improving said lines and infrastructure. Such determination shall be made and provided to the Parties by written notice on or before the one-hundred and eightieth (180th) day of the Final Year. The costs associated with the panel and its duties shall be divided equally between the Parties.

2. The Parties agree to accept the panels' determination of value and waive any challenges thereto except where there is a showing that a panel member has a direct conflict of interest or there has been manifest corruption. Such a challenge must be filed in Superior Court of the County within ten (10) days of the written notice of value. If no challenge has been filed, the value shall be final. If a challenge has been filed, the parties agree that challenge shall be heard by a judge within thirty (30) days of filing. If the judge finds a direct conflict of interest or manifest corruption, the judge shall assign the determination of value of Unincorporated Area Systems to an objective, qualified special master who did not serve on the panel. The special master shall hold an evidentiary hearing on the value of the Unincorporated Area Systems. The Parties agree and consent that the special master's finding shall be final and not subject to appeal. The Parties also agree and consent to limit all discovery to no more than sixty (60) days and submit to expedited hearings and rulings thereafter.
3. This paragraph (2) shall survive expiration or termination of this Agreement.

ARTICLE VI – MISCELLANEOUS

- A. *Notices.* All notices shall be sent by certified mail, return receipt requested, or by personal delivery, to the following designated recipients on behalf of the City and County:
 1. Notices to the City shall be sent to the Mayor with a copy to the City Manager, the City Attorney, and head of the Water and Sewer Department; and
 2. Notices to the County shall be sent to the Chairman of the Board of Commissioners with a copy sent to the County Manager, the County Attorney, and head of the Water and Sewer Department.
- B. *Time.* Where a duration is set forth in this Agreement, time for action will be of the essence and a failure to act within a designated time shall constitute waiver at the discretion of the party which did not fail to act. The counting days shall be based on calendar days; and if the final day of a designated period falls on a weekend or state holiday, the period for action shall be extended to the calendar day immediately following the weekend or state holiday.
- C. *Breach/Disputes.* Where a Party is alleged to have breached this Agreement, the non-breaching Party must provide advance notice of the alleged breach and allow thirty (30) days for the other Party to cure the alleged breach. If the alleged breaching Party fails to

cure, the non-breaching Party may pursue mediation hereunder. In the event a dispute arises regarding this Agreement, any party must seek to resolve the dispute by providing formal notice to the other party of such intent. In the event the dispute cannot be reached within thirty (30) days of such notice, the Parties must thereafter submit the dispute to mediation within the following thirty (30) days. If a dispute remains following the expiration of 180 days from said notices, any party may file the appropriate petition in the Superior Court of Baldwin County.

- D. *Severability.* The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement and Amendment or any other form or agreement associated with the County and the City's Service Delivery Strategy, which shall remain in full force and effect.
- E. *Merger.* All previous oral representations and agreements concerning all matters set forth in this Agreement have been incorporated herein, and the terms and conditions of this Agreement shall supersede any previous oral agreements between the Parties.
- F. *Applicable Law.* Unless otherwise stated in this Agreement, the laws of the State of Georgia shall govern the validity, interpretation, performance and enforcement of this Agreement and any dispute involving the terms of this Agreement without regard to conflicts of laws principles.
- G. *Amendment and Modification of Agreement.* Unless otherwise provided by law or as expressly provided herein, any amendments, changes, additions, or deletions to or from this Agreement shall be made in writing upon the mutual agreement of the Parties, validly adopted and approved, and spread upon the minutes of the respective entities.
- H. *Binding Effect.* This Agreement shall be binding upon Parties and their agents and successors.
- I. *Counterparts.* This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute one and the same instrument.

IN WITNESS WHEREOF, the parties hereto have duly approved this Agreement and have authorized their respective officers specified below to execute their names, include the date of approval by their respective local governments, and affix their entity's respective seals hereto.
